To Whom It May Concern:

I am writing this letter of recommendation for Liberty Exteriors. Liberty put a new roof on my house and that was not an easy task; my roof has a very steep pitch and there were up to 5 layers of shingles in most areas. Liberty's roofers removed all the shingles, re-sheeted and re-shingled the house in less than three days, and their cleanup was outstanding.

I asked Liberty if they would give me a bid on re-painting my aluminum siding, after inspecting the siding they noticed the hail damage was more extensive than previously thought. They did all the work with my insurance company to get new siding for my entire house. Liberty removed all my old siding and re-sided my home, and like the roof, this was not an easy job. My house is a two-story Victorian style home with many windows and lots of detail.

Being a previous homebuilder, I am very particular when it comes to contractors working on my house. Liberty did an excellent job in all phases of the construction, from handling the insurance company to the cleanup. Not only would I recommend them, personally would not use any other contractor.

Sincerely,

Ken Harrison
