LETTER OF REFERENCE

Liberty Exteriors

To Whom It May Concern:

It is with great pleasure that I provide to you a reference for Liberty Exteriors.

I have personally looked at the products and workmanship that goes into their siding and roofing replacements. They use only the first rate material available for the job, ranging from the ice and water protection, drip edge, flashings and collars, to the shingles.

Their workers are quick and efficient and the completed project is excellent. Their attention to detail is very good and the clean up after the project is done is wonderful.

I have dealt with them on many claims and have found them to be fair in their pricing.

I also want you to know that I have personally contracted with them to replace the roof on my own home. That is the confidence level that I have in Liberty Exteriors.

Sincerely,

Robert R. Shafer
